

I am a new mother of a 10 month old boy. I am completely against demolishing our beautiful park in order to build more condos. I have lived in the downtown area for over 15 years and enjoy the green space and somewhat fresher air due to the park. Destroying it would be shameful.

We need a place to play and relax and be with nature. Building more condos will destroy all the charm and nature the park offers. We cannot take our parks for granted. There are so few green spaces now for children to play about. I want my son to grow up and run and play with other children. Please do not destroy his happiness and those of other children.
